About the workshop

This two days workshop aims to introduce postgraduate students, Ph.D. scholars, and young faculty members from universities and colleges across Tamil Nadu to the fundamentals of nonlinear dynamics, chaos, fractals, solitons and network dynamics while highlighting their applications in diverse fields.

The workshop will combine lectures, hands-on computational sessions and interactive discussions to promote a multidisciplinary approach.

About the Department

Nonlinear Science is a rapidly evolving field that explores complex phenomena across disciplines such as physics, biology, engineering, etc. From chaotic dynamics in physical systems to pattern formation in biological networks and synchronization in communication systems, nonlinear science offers powerful tools to understand and model real-world complexity. Our department is dedicated to the research and study of nonlinear science.

Organizer

Dr. P. MURUGANANDAM
PROFESSOR
DEPARTMENT OF PHYSICS
BHARATHIDASAN UNIVERSITY

Department of Physics, Bharathidasan University, Palkalaiperur, Tiruchirappalli - 620 024. Tamil Nadu, India

29 & 30, January 2026

nlsworkshop@bdu.ac.in

Sponsored By

RUSA 2.0 (TRP – Physical Sciences)

BHARATHIDASAN UNIVERSITY

Palkalaiperur, Tiruchirappalli - 620 024. Tamil Nadu, India

WORKSHOP ON NONLINEAR SCIENCE: A MULTIDISCIPLINARY PERSPECTIVE

The workshop will feature:

- Expert lectures and demonstrations by researchers from reputed institutions
- Hands-on computational sessions using Python

Speakers

Dr. K. Murali
Department of Physics, Anna University, Chennai

Dr. D. V. Senthilkumar
School of Physics, Indian Institute of Science Education and Research - Thiruvananthapuram, India.

Dr. K. Nithyanandan
Department of Physics, Indian Institute of Technology, Hyderabad

Dr. M. Senthilvelan
Department of Nonlinear Dynamics, Bharathidasan University

Lunch and refreshments will be provided
There is no registration fee
Last date to apply: 23.01.2026
Intimation of selection will be done on or before 26.01.2026
