# Program

## Day 1- 29.01.2026

| | |
|---|---|
| 10:15 - 10:30 | Inaguration |
| 10:30-10:45 | Tea Break |
| 10:45- 12:00 | Dr. K. Nithyanandan - Photonics for the Future: Bridging Communication, Defence and Space Application |
| 12:00-13:15 | Dr. D. V. Senthilkumar- A Tutorial on Complex Networks; Mitigating the cascading failure in complex networks |
| 13:15 - 14:30 | Lunch Break |
| 14:30-15:45 | Dr. K. Nithyanandan - Ultrafast Fiber Lasers : An Avenue for Photonic Intelligence |
| 15:45 - 16:00 | Tea Break |
| 16:00- 17:15 | Dr. M. Senthilvelan- Unraveling nonlinear localized wave solutions in the family of nonlinear Schrödinger equations using PINN and its generalizations I |

## Day 2- 30.01.2026

| | |
|---|---|
| 10:15 - 11:30 | Dr. M. Senthilvelan- Unraveling nonlinear localized wave solutions in the family of nonlinear Schrödinger equations using PINN and its generalizations II |
| 11:30-11:45 | Tea Break |
| 11:45- 13:00 | Dr. K. Murali - Nonlinear Electronics I |
| 13-14:15 | Lunch Break |
| 14:15 - 15:30 | Dr. D. V. Senthilkumar - Heterogeneous Nucleation in Adaptive Networks |
| 15:30-15:45 | Tea Break |
| 15:45 - 17:00 | Dr. K. Murali - Nonlinear Electronics II |
| 17:00- 17:15 | Valediction |
